A 24/7 HelpDesk is available to Pesmel’s customers to guarantee undisturbed performance of the system.

A fixed monthly fee helps in budgeting costs, and contract customers also get affordable prices in possible extra maintenance work.

**Customer satisfaction guaranteed**

Marko Heikkinen, Pesmel Service’s General Manager gives a good example of the effectiveness of the HelpDesk.

“One evening, a customer of ours had a problem with their equipment. They did not have a service contract, and attempted to fix the problem themselves several times. Six hours later, in the small hours, a bigger problem emerged when a part of the machinery broke. The customer tried to replace the part and run parameters, unsuccessfully.”

The following day the customer decided to call their contact person at Pesmel. The call was directed to the HelpDesk, and 30 minutes later production was running normally again.

“The customer was so happy with the swift service that they wanted to make a service contract with us right away,” says Heikkinen.

“They realized that Pesmel’s service is an excellent way to prevent drawn out stoppages and the loss of income caused by them,” Heikkinen concludes. •
